

# WESTEND RADIATORS

## CUSTOM COPPER-BRASS HEAT EXCHANGERS

Cores,  
Complete Rads,  
Charge Air Coolers and more...  
for all heavy-duty applications.

### ABOUT US

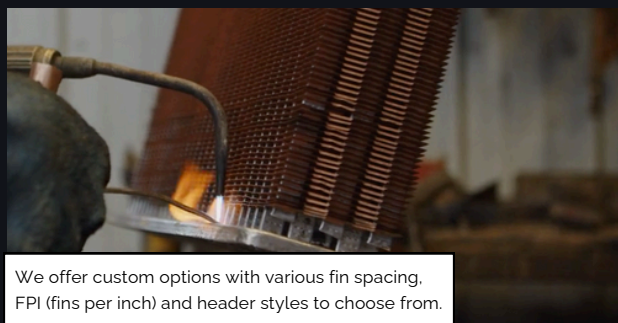

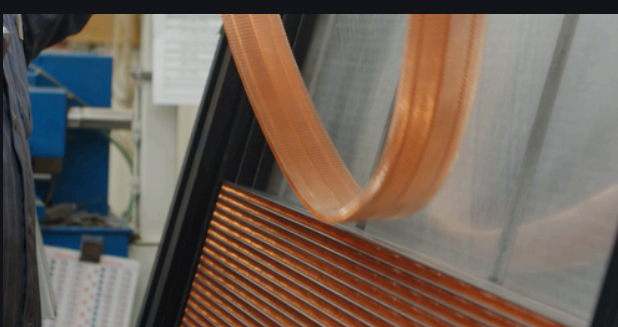

## STATE-OF-THE-ART MANUFACTURING

### Copper-Brass Parts Like No Other

- Over 100+ years of combined experience across our technicians
- Built to withstand high temperatures and extreme applications
- Both automotive and industrial cores
- Customizable for any machine

Our core manufacturing plant is located in the heart of Canada in Winnipeg, Manitoba.

We offer custom options with various fin spacing, FPI (fins per inch) and header styles to choose from.

### COPPER-BRASS HEAT EXCHANGERS

## LIKE NEVER BEFORE

Here's a few of the things that set us apart:

- No outsourcing, **no supply chain delays ever!**
- Cores custom designed to handle any extreme working environment, **from extreme heat, cold, dust, debris, vegetation build up and more.**
- Parts ready in half the time, with a **turnaround of 1-3 days** from customer sign-off to finished product.
