

WESTEND

RADIATORS

ESTEVAAN'S LEADER IN INDUSTRIAL COOLING SYSTEMS

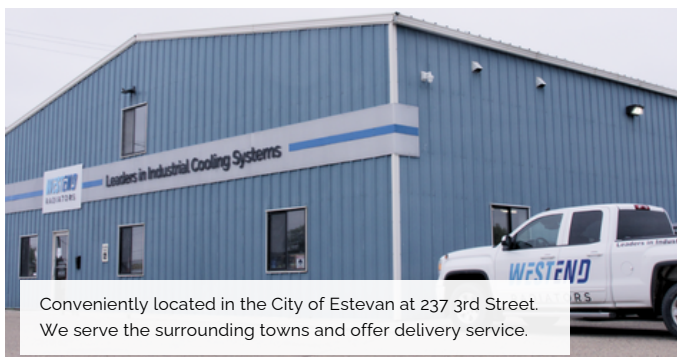

Proudly serving Estevan & the surrounding communities.

WHO WE ARE ABOUT US

We're heavy-duty heat exchanger specialists.

- Expanded from Winnipeg to Estevan in 2020.
- Specialized In Oil & Gas, Mining, and Agriculture.
- Fast, Reliable Service
- Quick Turnarounds

Conveniently located in the City of Estevan at 237 3rd Street. We serve the surrounding towns and offer delivery service.

We offer a mobile service for back-up generators, including on top of a hospital roof, at a school or in an oil refinery.

WHY CHOOSE WEST END RAD OUR DIFFERENCE

Here's a few of the things that set us apart:

- Locally operated, serving Estevan, Weyburn, Oxbow, Carlyle, Carnduff and North Dakota.
- Mobile service available for on-site generator servicing.
- Leak-free guarantee, ensuring all heat exchangers leave our shop with long- lasting, high quality repairs

WHAT WE DO OUR SERVICES

Custom Built Heavy-Duty & Industrial Radiators

Custom copper-brass and aluminum radiators, cores and other heavy-duty cooling system components.

Custom Aluminum Welding, Repairs & Manufacturing

High quality aluminum welding and repairs for radiators, cores, oil coolers, fuel tanks, A/C condensers, surge tanks and more.

Diesel Fuel & Hydraulic Tank Repairs & Rebuilds

New tanks from steel and/or aluminum, rebarreling existing tanks, replacing a tank's strapping. We do it all.

On-Site Generator Cooling System Repair

Genset repair on the top of a hospital roof or in an oil refinery, our team will bring the tools needed for the job directly to you.

Custom Copper-Brass and Steel-Brass Welding, Repairs & Manufacturing

Copper-brass solutions for both automotive & industrial heat exchangers.

HVAC-R Coils Replace & Repair

We can manufacture coils within just 6 weeks and are able to come on-site to install.

WHO WE SERVE OUR INDUSTRIES

We specialize in heavy-duty, industrial mechanics.

We're proud to serve a range of industries, including:

- Transportation
- Power generation
- Oil & gas
- Forestry
- Mining
- Industrial manufacturing
- Construction
- Health care
- Agriculture
- Education

OEM & Aftermarket Solutions

We stock most OEM replacements — if unavailable, our technicians will assess your part for repair.
