

WESTEND

RADIATORS

HEAVY-DUTY HEAT EXCHANGER COMPLETE REMOVE & REPLACE

Skilled removal, repair and
reinstallation done **right at our
Winnipeg shop**

COMPLETE REMOVE AND REPLACE IN **1 DAY OR LESS**

- We'll remove and replace your heat exchanger in 1 day or less!
- Fast, reliable service for heavy-duty trucks
- Drive right out of West End Radiators without having to worry about fluid leaks, cracks or pressure drops!

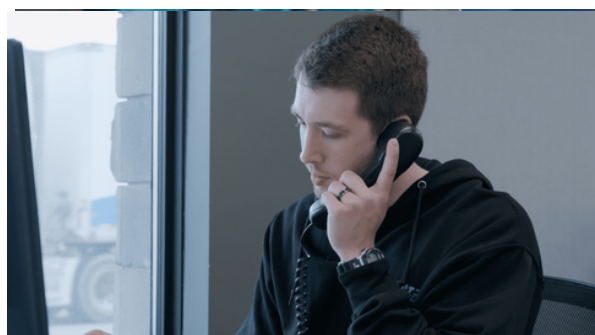

WHY CHOOSE WEST END RAD **OUR DIFFERENCE**

Here's a few of the things that set us apart:

- We strive for a **½-day to 1-day turnaround** on remove & replace servicing to minimize downtime.
- We have a **certified heavy-duty mechanic** on staff.
- Our shops have overhead cranes, allowing us to easily lift thousand pound heavy equipment radiators

WHAT TO EXPECT WITH OUR **REMOVE & REPLACE**

Step 1: Get a quote from our Service team

Call our Winnipeg shop and our customer service team will provide you with a rough quote based on the estimated work required.

Step 2: Bring your heavy-duty truck/diesel to our Winnipeg shop

Our diesel mechanics will begin by removing the industrial heat exchanger so they can assess what work is required.

Step 3: Pick Up Your Heavy-Duty Truck/Diesel

Pick up your heavy-duty truck/diesel with its new replacement heat exchanger or its fully repaired one!
