

WESTEND RADIATORS

HEAT EXCHANGERS FOR A RANGE OF GOVERNMENT ORGANIZATIONS

We service and rebuild heavy-duty heat exchangers for all types of government equipment.

WHO WE ARE

ABOUT US

Heavy-duty cooling system repairs and rebuilds for government equipment.

- Specialized in heat exchanger repairs, rebuilds and recores for government equipment for over 30 years
- Three locations in Winnipeg, Estevan and Saskatoon
- Mobile service team that travels across the Canadian Prairie provinces to repair your back-up generator's cooling system

We're committed to building durable, long-lasting and 100% leak-proof government equipment heat exchangers.

WHY CHOOSE WEST END RADIATORS OUR DIFFERENCE

Here's a few of the things that set us apart:

- In-house aluminum & copper/brass core manufacturing at our Winnipeg location.
- Shops designed to adapt quickly when a rush job comes in, minimizing your site's downtime.
- Faster lead times that reduce your downtime by up to 70%
- We are ISN, ComplyWorks and Ledcor certified contractors

SPECIALTY SERVICES FOR GOVERNMENT CUSTOMERS

Complete heavy-duty radiator repair and/or rebuild

We provide heavy-duty cooling system repairs for a range of industrial heat exchanger parts

Custom welding and repairs for all OEMs

We can repair cores to solve common issues, like plugging and overheating.

DPF/DOC/SCR/EGR cleaning & baking

We use a variety of industry-standard DPF cleaning techniques, including flushing, baking and testing.

ON-SITE BACK-UP GENERATOR HEAT EXCHANGER REPAIR

What to know about our mobile service:

- We repair all backup generators, including on top of a hospital roof or at a school.
- Our mobile service provides on-site cooling system repairs across the Prairie provinces, including Manitoba, Saskatchewan and Alberta.
- West End Rad technicians can repair generator cooling systems for a range of OEMs
