OIL & GAS HEAT EXCHANGERS BUILT FOR THE EXTREME

We service and rebuild heavy-duty heat exchangers for all types of oil & gas equipment.

WHO WE ARE ABOUT US

Heavy-duty industrial heat exchanger repairs and rebuilds for oil & gas equipment.

- Specialized in heat exchanger repairs, rebuilds and recores for oil & gas equipment for over 30 years
- Three locations in Winnipeg, Estevan and Saskatoon
- Mobile service team that travels across the Canadian Prairie provinces, including Manitoba, Saskatchewan and Alberta.

We're committed to building durable, long-lasting and 100% leak-proof oil & gas heat exchangers.

WHY CHOOSE WEST END RADIATORS OUR DIFFERENCE

Here's a few of the things that set us apart:

- In-house aluminum & copper/brass core manufacturing at our Winnipeg location.
- Shops designed to adapt quickly when a rush job comes in, minimizing your site's downtime.
- Mobile service team that will travel to you, follow all required safety procedures and **efficiently repair your heat exchanger within 1-3 business days.**

OUR TEAM IS SAFETY-CERTIFIED

Our shop technicians are **safety-certified** with **ComplyWorks**, **ISN** and **Ledcor**, meaning you don't have to worry about slow contractor onboarding.

As registered contractors, **we're able to get to work right away**, providing expert heat exchanger repairs without the wait.

OEMS WE CAN REPAIR AND REPLACE FOR OIL & GAS EQUIPMENT
